

7. Developmental Specifications
8. Supplemental Specifications
9. Design-Build Specifications

Computed dimensions govern over scaled dimensions.

2. Governing Regulations

The services performed by the Design-Build Firm in the AIC, Design, and Construction Phases shall be in compliance with all applicable Specifications, Manuals and Guidelines including the Department, FHWA, AASHTO, and additional requirements specified in this document. Except to the extent inconsistent with the specific provisions in this document, the current edition, including updates, of the following Specifications, Manuals and Guidelines shall be used in the performance of this work. Current edition is defined as the edition in place and adopted by the Department at the date of advertisement of this contract. It shall be the Design-Build Firm's responsibility to acquire and utilize the necessary specifications, manuals and guidelines that apply to the work required to complete this Project. The Department may, in its sole discretion, allow or require the use of more current versions of any of these governing regulations on any Task Work Order entered into on this Project. The decision to use a more current version of a governing regulation shall be documented in the Task Work Order with specifics as to what governing regulation applies. The services will include preparation of all documents necessary to complete the Project as described in Section I of this document.
